(Aaron (Flabbergasted))

You should go to trial because you took all of those innocent lives of the victims.

(to Katie)

You're familiar with this case, and its conclusion, am I correct.

Andrew

I will investigate the monster's lair.

Aaron

Yes, you were granted authorization
to access all of the case file, so

Aaron- You're a natural leader. I knew the moment I met you that we were meant to work together. This company will be amazing with you by my side.

5 THE MAIN CONFLICT:**5**

The brother does not realize that they are doing work-related things, and the parents enter, and they are confused. The parents are happy for Katie because Aaron is very successful, and they approve of him, so they travel together. Katie told Aaron that Sophie was out of her mind.

A narcissistic business owner could use manipulative language to initially create a false sense of comfort and admiration in a host, then gradually tighten the control, leading to potential exploitation or harm. This can involve exaggerated praise, creating a shared sense of superiority, and subtly undermining the host's self-esteem. Ultimately, the goal is to establish a power dynamic where the narcissist can exploit the host's vulnerability and loyalty.

ACT THREE:

Aaron: (Flabbergasted) I appreciate that, Katie. I'm always looking for opportunities to grow.

Aaron: (Pulls out a document) So, let's talk specifics. This is a draft agreement. It outlines the potential for significant gains, for... let's say, a mutual benefit.

Aaron: (Begins to read the agreement) This looks... promising.

Andrew: (Interrupting, with a hint of urgency) Let's not get bogged down in the details, Aaron: Trust me. We can iron everything out. This is just the framework, the foundation...

Aaron: (Chuckles) I understand, Katie. I trust you.

Aaron: (Sighs) Good. Good. Now, let's discuss the finer points. And remember, Katie you're the only one who can really see the potential here. You're the one who truly understands the value.

Andrew subtly steers the conversation, leading Aaron to agree to terms that are increasingly unfavorable, while subtly dismissing Aaron's concerns. He manipulates him to make Aaron feel obligated to go along with his plan. Aaron trust Katie because she can tell him anything.
